

Last week, road crews completed work on 240th Street, south of Oklahoma 17, and have now moved into a one-mile stretch of road north of the highway. We ask the citizens please be aware of the work and do their best to avoid the area, or if not possible, please follow the signs to ensure the safety of workers and drivers.

We apologize for any problems and appreciate your patience with us as we continue to improve the roads in the area. All worked roads will be reoiled and chipped this summer.
