

District 1 road crews will have a busy week this week, beginning with work on Carlson Street. Crews will be priming a stretch of road on Carlson from 120th Street to 150th Street. Once completed, crews will work north from 120th and Carlson, priming a half a mile.

BY Thursday, efforts will be focused on priming from Meers/Porter Hill to Welch Road, as well as King Road from 195th Street to 225th Street.

The week will conclude with work on 225th, from County Line to North Drive.

Thank you for your patience with us. Please pay attention to crews and street signs.
