

Winter weather may adversely affect the county, but we try to not let it bring road crews to a halt. Over the course of last week crews worked on Woodlawn, east of Oklahoma 65. Crews completed a number of improvements; including the clearing of a right of way, fixed a low water crossing and straightened out a dangerous curve in the road.

This week focus will be shifted to the bridge on King Road. The road will be closed from 9 a.m.-3 p.m. Tuesday, while crews work, but it will reopen that afternoon. Work will be completed on the bridge by Friday.
